SUBJECT INDEX, VOLUME 53

Abdomen
  blunt trauma
    evaluation of, practice guidelines for, 602
    exposed fistula, technique for control of, case report, 386
    isolated free fluid on CT, incidence and management, 79
    lumbar fractures in, plain films vs. CT scans for evaluation, 663
    splenic pseudoaneurysm thrombosis after, case report, 383
    Whipple procedure after, case report, 780
  compartment syndrome, paracentesis treatment, pediatric blunt trauma, 380
  crush injury, crush syndrome after, in flood water, case report, 378
  penetrating trauma
    laparoscopy impact on negative laparotomy rates after, 297
    prophylactic antibiotic strategies for, 673
  wall reconstruction, after shotgun injury, case report, 770
Abdominal compartment syndrome
  late fascial closure vs. ventral hernia in, 843
  release, burn injury survival effects, 1129
  systemic inflammatory response secondary to, multiple organ failure and, 1121
Abducens nerve palsy, bilateral petrous fractures and, case report, 583
Acetabulum, anterior wall fractures, case report and operative management strategies, 553
Acyclovir, herpes simplex virus reactivation presenting as facial rash in burn patients and, 86
Adenosine A_{2A} neurologic outcome after spinal cord injuries and, rabbit, 225
Adenosine, hemodynamic actions of ethanol after resuscitation and, in traumatic brain injury, 864
Adolescents
  arson and firesetting recidivism, prevention program effects, 260
  violence, program for reducing, 21
Airbag deployment, cardiac tamponade as complication in, case report, 104
Alcohol abuse, delirium tremens, risks in trauma patients, 901
Alcohol, domestic violence and, prevalence, female patients in trauma service, 33
Allopurinol, enterocytes protection and, in hypoxia-induced apoptosis, 415
American Association for the Surgery of Trauma, 62nd annual meeting, abstracts, 184
Angiography, blunt cerebrovascular trauma, noninvasive diagnosis of, 850
Ankle, fracture, posterior tibial margin involvement, prognosis, 55
Ankylosing spondylitis, atlantoaxial junction dissociation in, case report, 1173
Antibiotics, prophylactic, after penetrating abdominal trauma, 673
Antioxidant therapy, tempol, hemorrhagic shock survival and, 968
Aorta
  blunt dissection, stent-grafting for, case report, 571
  blunt trauma, with intra-abdominal solid organ injury, treatment priorities in, 442
  injuries, frontal motor vehicle crashes and, seat belts vs. airbags for reducing, 309
  traumatic rupture, nonoperative treatment, complications after, case report, 784
Aortoduodenal fistula, in acute trauma, case report, 106
Apoptosis, hypoxia-induced, enterocyte protection by allopurinol, 415
Arson, prevention program effects, 260
Arteriography, blunt cerebrovascular trauma, noninvasive diagnosis of, 850
Arteriioureteral fistula, left renal, after motor vehicle crashes, 395
Arthroscopy
  osteosynthesis, intra-articular fractures of distal radius and, 354
  triangular fibrocartilage complex tears and, 922
Artificial turf, head injuries and, 691
Atlantoaxial junction, dissociation of, in ankylosing spondylitis, case report, 1173
Augmentation plate fixation, tibial nonunion after intramedullary nailing, technique for, 588
Autopsies, in trauma, peer review or quality assurance, 321
Bean bag trauma, penetrating, intrathoracic complications of, case report, 997
Bicycle injuries, intercostal hernia by blunt impalement of bicycle handlebar (letter), 169
Blindness
  anterior ischemic optic neuropathy in burn injury and, case report, 139
  cortical, parietal contusion and superior sagittal sinus occlusion and, case report, 1006
Blood transfusion, age of blood effects on hospital length of stay, 1023
Blunt trauma
  abdomen
    evaluation of, practice guidelines for, 602
    exposed fistula, technique for control of, case report, 386
    isolated free fluid on CT, incidence and management, 79
    lumbar fractures in, plain films vs. CT scans for evaluation, 663
    splenic pseudoaneurysm thrombosis after, case report, 383
    Whipple procedure after, case report, 780
  abdominal compartment syndrome after, paracentesis effects, children, 380
  aorta, with intra-abdominal solid organ injury, treatment priorities in, 442
  aortic dissection, stent-grafting for, case report, 571
  bicycle injuries, intercostal hernia by blunt impalement of bicycle handlebar (letter), 169
  cerebrovascular, noninvasive diagnosis of, 850
  cervical spine
    flexion/extension radiographs for evaluation of, 426
    without radiographic abnormality, 1
  chest
    bilateral traumatic pulmonary pseudocysts, case report and literature review, 993
    physical examination sensitivity in, 1135
    tracheobronchial disruption and, radiographic assessment, case report, 372
  complications and mortality, females, 436
  duodenum and pancreas, treatment and outcome, case report, 1195
  extremity, advanced ultrasound diagnosis of, 28
  head, vancomycin for staphylococcal meningitis in, case report, 1010
  hepatic, cardiac air embolism after endoscopic retrograde cholangiopancreatography in, case report, 1170-
  liver
    grade VI injury, repair, case report and literature review, 823
    missed injury implications in nonoperative management, 238
    recombinant factor VIIa effects on blood loss and survival time, 1053
    total vascular isolation and cold perfusion for management, 564
  lumbar spine, abdominal CT and lateral scanograms for evaluation, 9
  motorcycle crashes, spinal cord injury, patterns and outcome, 5
  multiple, femoral shaft fractures, management of, 452
  neck, extracranial vessel injury, diagnosis and outcomes, 472
  necrotizing chest wall infection after, case report and literature review, 787
  outcomes, gender influence on, 889
  pelvic fracture
    hemorrhagic shock and, fracture pattern role in decision-making in, 446
    risks, routine radiographs in, 463
  prehospital pulseless electrical activity, outcome, 876
  resuscitation, pelvic radiography in, 1043
  right atrium, late traumatic aneurysm of, case report, 581
  right coronary artery dissection, blunt trauma and, 617
  solid organ, missed injury implications in nonoperative management, 238

spleen, missed injury implications in nonoperative management, 238
thoracic aorta, frontal motor vehicle crashes and, seat belts vs. airbags for reducing, 309
traumatic brain injury, elderly patients, functional outcome and mortality, 219
Bone graft, hydroxyapatite cement for metaphyseal bone filling, 1103
Book reviews
Concise Anatomy for Anaesthesia, 385
Handbook of Pediatric and Neonatal Transport Medicine, 573
The Trauma Manual, 2nd ed, 1193
Bowel, shock, after motorcycle crash, case report, 1029
Brain injuries
acoustic monitor, in severe closed head injury, 857
bilateral petrous fractures, abducens and facial nerve palsies and, case report, 583
cerebral ischemia, in traumatic carotid-cavernous fistula, MRI diagnosis, 109
cerebrovascular trauma, blunt, noninvasive diagnosis of, 850
cortical blindness and parietal contusion and superior sagittal sinus occlusion, case report, 1006
positive end-expiratory pressure effects on intracranial and cerebral perfusion pressure, after TBI, 488
severe closed, noninvasive brain acoustic monitor use in, 857
traumatic
deep venous thrombosis after, heparin safety in, 38
elderly patients, mortality and functional outcome, 219
hemodynamic actions of acute ethanol after resuscitation, 864
intracranial hypertension in, saline solution and decompressive craniectomy effects, case report, 558
outcomes and treatment costs in, 1152
positive end-expiratory pressure effects on intracranial and cerebral perfusion pressure, 488
Bronchoscopy, virtual, tracheal rupture diagnosed by, nonoperative management, case report, 369
Burn injuries
abdominal compartment syndrome release effects on survival, 1129
blindness due to anterior ischemic optic neuropathy in, case report, 139
child abuse and, literature review and medical investigation algorithm, 1013
children, quality of life and psychological adjustment in, 1146
herpes reactivation presenting as facial rash, intubated burn patients treated with acyclovir, 86
lipopolysaccharide-binding protein and receptor CD14 gene expression after, potential mechanisms of, 957
wound infection, granulocyte colony-stimulating factor after, 284
Calcaneus, displaced fracture, outcome measurement reliability in, 1094
Cardiac air embolism, after endoscopic retrograde cholangiopancreatography in blunt hepatic trauma, 1170
Cardiac tamponade
as complication in airbag deployment, case report, 104
fluid resuscitation-induced, case report, 1183
Carotid-cavernous fistula, traumatic, cerebral ischemia in, MRI diagnosis, 109
Case management, trauma, patient outcome impact, 477
Causalities, mass, terrorist bombings, medical management of, 201
Catheter, subclavian vein placement, optimal positioning for, children, 272
Cervical collar, intracranial pressure and, in severe head injury, current opinion, 1185
Cervical spine injuries
blunt trauma
flexion/extension radiographs for evaluation of, 426
without radiographic abnormality, 1
CT and MRI evaluation in, variations, 524
missed (editorial), 165, 392
Chest
blunt trauma
bilateral traumatic pulmonary pseudocysts, case report and literature review, 993
physical examination sensitivity in, 1135
tracheobronchial disruption and, radiographic assessment, case report, 372
necrotizing wall infection, after blunt trauma, case report and literature review, 787
penetrating trauma
bean bag, intrathoracic complications of, case report, 997
physical examination sensitivity in, 1135
tube removal in mechanical ventilation, chest radiography after, 1073
Child abuse, burn injuries and, literature review and medical investigation algorithm, 1013
Children
burn injuries, psychological adjustment and quality of life, 1146
firearm availability and violent death (letter), 397
helicopter transport in emergency medical services, critical analysis, 340
multiple organ failure resistance in, inflammatory response and, 1058
pelvic fractures in pregnancy, maternal and fetal outcomes, 796
subclavian vein catheter placement, optimal positioning for, 272
tetanus and diphtheria toxoids, availability of (commentary), 1192
Cognitive symptoms, in whiplash (letter), 807
Colon, pneumatic rupture of (letter), 1030
Combat injuries
medical techniques and program implementation (commentary), 1189
medical technologies and training effects on mortality from, 1160
Compartment syndrome
abdominal
paracentesis treatment, pediatric blunt trauma, 380
release, burn injury survival effects, 1129
systemic inflammatory response secondary to, multiple organ failure and, 1121
exercise-induced rhabdomyolysis and dietary supplements and, 761
idiopathic, pathogenesis of, case report, 122
secondary extremity, development after resuscitation, trauma patients, 833
Computed tomography
abdomen, blunt trauma, isolated free fluid on CT, incidence and management, 79
abdominal, lateral scanograms and, lumbar spine blunt trauma evaluation, 9
blunt cerebrovascular trauma, noninvasive diagnosis of, 850
cervical spine injuries, comparison with MRI evaluation, 524
lumbar fractures in blunt trauma, comparison with plain films, 663
placental abruption after motor vehicle crash, 168
small bowel injury (letter), 618
Craniectomy, decompressive, saline and, intracranial hypertension in traumatic brain injury and, case report, 558
Craniocervical trauma, eye movement disorders after, case report, 1001
Creatinine clearance, urine, short-duration, predicting 24-hr creatinine clearance, 267
Critical care training, computerized human patient simulator in, 1064
Crush injury, hand, massive, salvage and functional rehabilitation with free flaps, 980
Crush syndrome, after abdominal crush injury in flood water, case report, 378
Crush/ischemia injury, subatmospheric pressure effects on myoglobin levels after, 537
Deceleration injury, open femoral shaft fracture, reimplantation of large segment, case report, 133
Decision making, organ donation, patient preferences about, 754
Decompensation, heart and brain perfusion during hemorrhagic shock and, endothelin-1 and, 531
Deer stand-related trauma, long-term analysis, 705
Delirium tremens, risks in trauma patients, 901
Diaphragmatic rupture, identifying injuries and collision characteristics suggestive of, 1139
Diastasis, pelvic, saddle injury, case report, 1179
Dietary supplements, exercise-induced rhabdomyolysis and, renal failure and compartment syndrome and, 761
Dipyridamole, hemodynamic actions of ethanol after resuscitation and, in traumatic brain injury, 864
Distal radius, intra-articular fractures of, arthroscopically assisted osteosynthesis, 354
Duodenum, blunt trauma, pancreatic trauma

and, treatment and outcome, case report, 1195
Eastern Association for the Surgery of Trauma, practice guidelines
blunt abdominal trauma evaluation, 602
prophylactic antibiotic strategies after penetrating abdominal trauma, 673
venous thromboembolism prevention in trauma patients, 142
Education, critical care training, computerized human patient simulator, 1064
Elbow
dislocation, with multidirectional instability, triceps tendon avulsion, and ulnar, median, and radial nerve injury, case report, 1176
heterotopic ossification with ulnar neuropathy, surgical approaches, 928
Elderly
head injuries, aging impact on (editorial), 391
pelvic fracture, demographics, injury patterns, and outcome, 15
trauma, intensive care unit resource utilization and outcome, 407
traumatic brain injury, mortality and functional outcome, 219
Embolization, angiography, pelvic and visceral injuries, safety and efficacy of, 303
Emergency medical services
helicopter transport of children, critical analysis, 340
prehospital, head injury, 345
End-tidal carbon dioxide, variables during trauma surgery correlation with outcome, 738
Endothelin-1, decompensation characterized by heart and brain perfusion during hemorrhagic shock and, 531
Enterocytes, allopurinol protection of, in hypoxia-induced apoptosis, 415
Epidemiology
domestic violence and, prevalence, female patients in trauma service, 33
prehospital trauma care, improvements in, African country with no emergency medical services, 90
Epistaxis, tongue hematoma and, after anticoagulation and thrombolytic therapy, case report, 805
Erythromycin, delayed gastric emptying in trauma patients and, 422
Esophagus, perforation of, Heimlich maneuver and, case report and literature review, 978
Ethanol
hemodynamic actions of, after resuscitation in traumatic brain injury, 864
low-dose, cardiovascular, metabolic, and respiratory compensation in hemorrhagic shock and, 541
Explosion injuries, mass causalities and, terrorism and, medical management of, 201
Extremity compartment syndrome, secondary, development after resuscitation, trauma patients, 833
Eye injuries
blindness due to anterior ischemic optic neuropathy in burn injury, case report, 139
retrobulbar hematoma and orbital trauma, pterional orbital decompression in, 73
Eye movement disorders, after craniocervical trauma, case report, 1001
Facial nerve palsy, bilateral petrous fractures and, case report, 583
Factor VIIa, recombinant
blood loss and survival time in liver injury, 1053
grade V liver injury effects, 252
Fascia flaps, muscle flaps and, severe upper extremity trauma and, 61
Fatality rates, sport utility vehicle vs. passenger cars, vehicle weight and, 751
Femoral shaft fractures
open, reimplantation of large segment, case report, 133
polytrauma patients, management, 452
traction/casting vs. intramedullary nailing, children, 914
Fetal death, predictors of, 946
Firearms, availability of, violent death in children and (letter), 397
Fistula, exposed, in blunt abdominal trauma, technique for control of, case report, 386
Flood injuries, crush syndrome after abdominal crush injury in flood water, case report, 378
Fluoroscopy, sacroiliac screw position, in pelvic ring fractures, 44
Foreign body ingestion, pencil swallowing, child, case report, 1191
Fractures. *see also* specific site or type
anterior wall acetabular, case report and operative management strategies, 553
extremity, advanced ultrasound diagnosis of, 28
major vascular injuries and, gunshot wounds, surgical sequence implications, 717
major, femoral shaft, polytrauma patients, management of, 452
pelvic ring, fluoroscopic positioning of sacroiliac screws in, 44
Gastric emptying, delayed, erythromycin effects, trauma patients, 422
Gender considerations
blunt trauma outcomes and, 889
complications and mortality in blunt trauma and, 436
gender-related outcomes in trauma, 430
posttraumatic stress disorder, after major trauma, gender differences, 882
Glasgow Coma Scale, prehospital score, trauma team activation and hospitalization, after motor vehicle crashes, 503
Granulocyte colony-stimulating factor, burn wound infection, 284
Granulocytopoiesis, granulocyte colony-stimulating factor after burn wound infection and, 284
Gunshot wounds
fracture and major vascular injuries in, surgical sequence implications, 717
heart, bullet removal with cardiac stabilization device (letter), 169
kidney, renal salvage in, 351
physical and psychological outcomes 8 months after, 709
prevention of, perspectives and strategies for, 213
shotgun, small bowel transplantation and abdominal wall reconstruction after, case report, 770
spontaneous expulsion of intracolonic missile after, case report, 586
supraceliac aorta impingement after, 394
urinary retention from urethral migration of bullet, case report, 790
Hand, massive crush injury, salvage and functional rehabilitation with free flaps, 980
Head injuries
aging impact on (editorial), 391
analysis in skiers/snowboarders, 695
artificial turf and, 691
blunt, vancomycin effects in staphylococcal meningitis, 1010
prehospital transport analysis, neurosurgery resources and, 345
severe
heparin safety for deep venous thrombosis after, 38
rigid cervical collar and intracranial pressure, current opinion, 1185
severe closed, noninvasive brain acoustic monitor use in, 857
Health care costs, motorcycle helmet use and, 469
Heart
gunshot wound, bullet removal with cardiac stabilization device (letter), 169
right atrium, late traumatic aneurysm of, case report, 581
right coronary artery dissection, blunt trauma and, case report, 617
Heimlich maneuver, complications of, case report and literature review, 978
Helmet law, repeal in Arkansas, negative impact of, 1078
Helmet use, motorcycle, hospital cost reductions, 469
Hemicorpectomy, near, seat belt injury and, 11-year-old girl, case report, 777
Hemorrhage
active, fluid resuscitation during (letter), 1197
liver injury, recombinant factor VIIa effects, 252
